Under "Card information", there is a card number field with "1234 1234 1234 1234" and icons for VISA, Mastercard, American Express, and Discover. Below that are fields for "MM / YY" and "CVC" with a card icon. There is a "Cardholder name" field with the placeholder "Full name on card". Below that is a "Country or region" dropdown menu showing "United States" with a downward arrow. Below the dropdown is a "ZIP" field. ## Step 6: Add Physical Address to Account

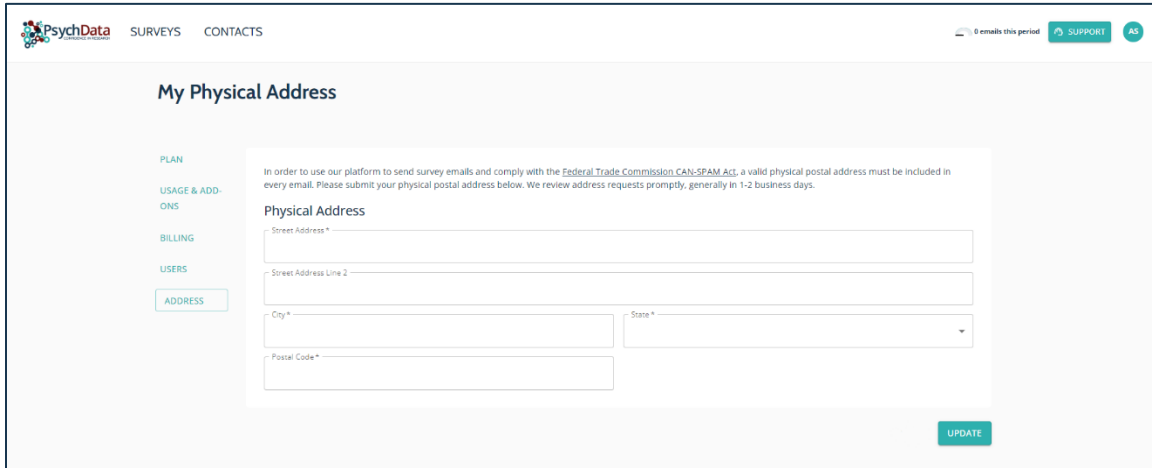

Once you have access to your account, you need to add a physical address. You can do so by clicking the “Account Icon” in the top right-hand corner of the screen.

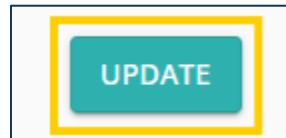

From the dropdown that appears, select “Address.”

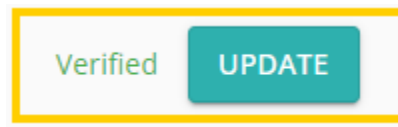

This will redirect you to a page where you can enter your physical address, pictured below.

Once you've entered your address, click "Update."

Once your account has been verified, the word "Verified" will appear to the left of the "Update" button.

Note, this is not instantaneous. It can take some time.
